SEPTEMBER 7, 1887.—A regular meeting of the township board was held in the clerk's office with following members present, to wit: Wm. Doucet, chairman; Al. Austrian, justice-of-the-peace; John Morrison, justice-of-the-peace. Minutes of last meeting were read and approved. Following resolution offered by Wm. Doucet was accepted: "Resolved, That it appears to us almost impossible to stop entirely all work on highways, owing to the bad condition parts of same are in. We therefore herewith rescind the motion of last meeting calling for an immediate stop of all work on highways and authorize the commissioner of highways to expend not to exceed \$150 in the repair of the road leading from the Shelden & Shafer mine to the Dunn mine." Following report of the building committee having been received was ordered to be put on file: "We, the township board of the township of Crystal Falls being the building committee of the whole for the purpose of erecting a suitable town hall do hereby tender our report as follows: The building being completed by the contractor, Chas. S. Henry, we find that in some details he had to deviate somewhat from the original plan in order to make a good and substantial job of it. He having worked entirely under our direction and personal supervision, we hereby accept the said building as completed according to contract and specification and the clerk is instructed to draw orders due to said contractor, Chas. S. Henry. We further find that it is necessary, owing to the width of the building, to brace the same with iron braces resting on substantial posts, which work must be done immediately and we have therefore instructed the contractor to do the above work and also place a suitable railing around stairway up stairs in the hall and send bill for same to the township board. Given under our hands this 6th day of September, A. D. 1887. Wm. Doucet, John Morrison, Al. Austrian, A. Lustfield."
